NEW TEACHER OF THE YEAR AWARD

This year, we awarded our New Teacher of the Year Award for HSCTE to Courtney Peart. Courtney is a teacher at Selah High School where she teaches sports medicine, anatomy, healthcare careers and other health science classes. She is also the athletic trainer for the school. We are happy to also announce that Courtney went on to win the WA-ACTE New Teacher of the year award as well and will compete for the region award in the spring.

CONGRATS!!

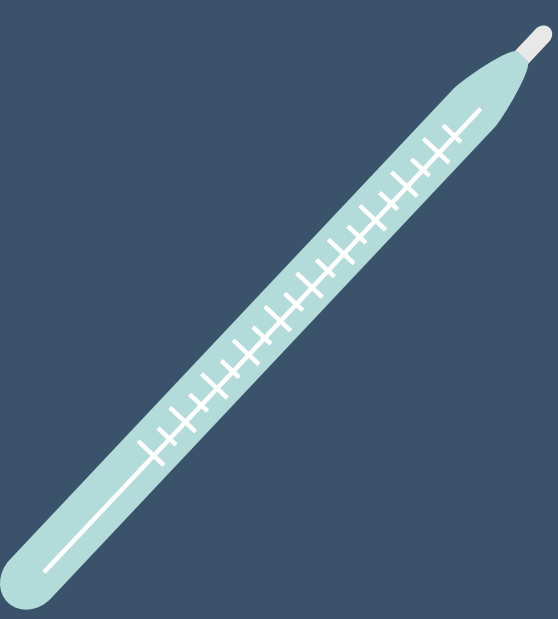

This fall OSPI Health Science offered School Districts, Skill Centers or Tribal Compact schools who were Perkins Reserve eligible, the opportunity to apply for grants up to \$3,000 to support costs associated with improving or establishing in-demand CTE programs. Funds could be used to: Increase the quality of instruction in the health science classroom and to support student achievement in meeting industry certification requirements and/or local level of performance indicators; Purchase technology, equipment, and/or instructional/laboratory materials that are industry standard for students to be prepared to enter the health care workforce or the next step in the program of study leading to industry certification; and Purchase personal protective equipment for employing safe work practices in the health science classroom (Standard 7 National Health Science standards).

The School Districts, Skill Centers or Tribal Compact schools receiving the grant were:

Brewster
Cascade – Leavenworth
Cascadia Tech Skill Center
Chief Leschi
Franklin Pierce
Medical Lake
Mount Vernon
New Market Skill Center

NEW Tech Skill Center – Spokane
Newport (Newport School District)
